The XL, one of Starcraft’s largest shuttle buses, utilizes straight side wall construction and features a wide aisle to maximize shoulder space, offering a spacious and comfortable experience for your passengers. The XL is engineered to accommodate a variety of seating arrangements including wheelchair accessibility and numerous storage options for luggage. The roomy driver area allows for easy maneuvering in and out of the driver’s seat and the transition window across from the driver provides increased visibility. Finally, with its rock-solid steel frame cage the XL is truly designed for passenger comfort and safety.
