The XLT F650

The XL T, Starcraft’s largest shuttle bus, is designed to provide maximum space and comfort at a price that won’t break your budget. The XL T is the perfect solution for tour operators, senior centers, churches and college sports teams requiring the higher passenger and luggage capacities the small cutaway-style bus cannot handle.

Setting the standard for shoulder and headroom, the 102” wide XL T is spacious enough to accommodate up to 43 passengers in wide 19” seats. For long hauls, popular options include entertainment systems that are easily viewable from any seat, overhead/rear/undercarriage luggage compartment, and even mobile Wi-Fi.
